SUBJECT

ASM Table of Contents

PURPOSE

To inform local office staff of changes to the ASM Table of Contents.

On-line Manuals contain two levels of table of contents. There is the entire manual table of contents and each individual item has a table of contents.

1. The entire manual table of contents for the ASM was updated for easier navigation.
2. ASM 331, and ASM 365 table of contents were revised by naming the exhibits listed in the item.
3. ASM 385 was deleted because the item was too large as one item. ASM 385 A through ASM 385 AB were created, as separate items, with a specific name and individual table of contents.
